

# THE HOUSE THAT SHE BUILT

## Frame Your Way To The Top

**Age Recommendation:** All ages!

**Object:** Framers measure, cut and put together the wood pieces needed to build a house. Build the tallest structure using marshmallows and toothpicks!

**Materials:** Toothpicks & marshmallows

**Instructions:** Build the tallest structure using only the resources provided

### Tips/Variations:

- Team up! Separate participants into small groups so that they can work together
- Implement no talking rule
- Allow teams to share or trade resources
- Time's up! Give a time limit and make it a race
- This activity can be done with other materials available! (cups, popsicle sticks, tape, spaghetti, etc.)
